A Non-Official Contractor is a company other than the "general or official" service provider on the show, or third party service provider designated by show management in the exhibitor kit as the provider of a specific service and requires access to your booth during installation and dismantling. The non-official contractor may only provide services in the venue, which are not designated by the venue as "exclusive" to a venue provider, or by show management in a contract as an exclusive service for the "official" or "general" contractor or other third party. If a non-official contract attempts to provide services designated to another party as "exclusive" or is caught soliciting on the show floor or otherwise does not comply with the rules, the company may be removed from the show floor, and the exhibitor will not be able to use that company for the remainder of the event.

Due to the necessity of coordinating all activities during the move-in and for security purpose, exhibitors who choose to use these contractors, must complete this form, comply with all rules and regulations (listed below) and supply Installation Group with all necessary information by the deadline date indicated above.

Contract/Display House: _____
Street Address: _____
City, State, Zip: _____

2. The non-official contractors shall be prepared to show evidence to the Official that it possess applicable and current contracts.
3. The non-official contractors shall be prepared to show evidence it has authorization from the contractor.
4. The exhibitor agrees that he is ultimately responsible for all services in connection with his exhibit, including freight, drayage, rentals and labor.
5. The exhibitor appointed contractor shall provide certificates of insurance and must agree in writing no later than 30 days prior to show opening.
6. The non-official contractor will share with the official contractor all reasonable costs related to its operation, including overtime pay for stewards, restoration of exhibit space to its initial condition, etc. Where applicable a one hour minimum labor charge will be charged at the appropriate steward rate of pay per day/per union to either the EAC/Exhibitor depending upon the Billing arrangement set up with IG. (based upon EAC not number of booths)
7. The non-official contractor will not be permitted on the exhibit floor during the show days unless provided a proper registration badge by the exhibiting company

Any EAC or non-official Contractor engaged in any solicitation on the exhibit floor including the distribution of official company literature will be removed from the exhibit floor, unless pre-approved in writing by show management or IG management
10. During show hours, only exhibit badges will be permitted on the exhibit floor. No installation and dismantling crew members will be permitted on the exhibitor floor during show hours without the proper Convention name badge supplied by the exhibiting company. These badges should be

ordered through the Complimentary allotment of registration forms sent to each exhibiting company.

For Insurance and Safety reasons, the official contractor designated in this service kit must be used for services such as:

Electrical	Plumbing	Booth Cleaning	Decorator Labor
Telephone	Drayage	Rigging	Millwright Work

Tips to Exhibitor Appointed Contractors (EACs)

1. Order services require from IG and the Exhibit Hall in advance. Ordering labor or services onsite which contractors may not be prepared to provide immediately, may delay the set-up of your booth or force your set-up into overtime.
2. Take steps to protect your client's product in the booth by arranging for booth security and/or cages.
3. Please stay out of adjacent booths during set-up.
4. Label empty cartons and crates for storage as soon as they are ready. Holding back on "empties" only adds congestion to the aisles.
5. Do not store empty cartons inside of empty crates. Cartons are returned from storage first so exhibitors may begin packing their product.
6. Keep "No Freight Aisles" clear at all times. If IG is required to rearrange any material situated in a clearly identified "No Freight Aisle" you or your client depending upon your billing arrangements with IG will be charged a one hour minimum for forklift rental and labor.
7. Turn in outbound freight bills to the service desk on a timely basis. Holding freight bills until late in the day, or turning in large amounts of freight bills to the service desk at one time may delay outbound truck scheduling and subsequently force your loading out into overtime.

MATERIAL HANDLING INFORMATION

Northeast International Auto Show

Rhode Island Convention Center

February 4 - 6, 2022

Pre-Order Discount Deadline: Wednesday, January 17, 2022

Material Handling is the unloading of your exhibit material, delivery to your booth, handling of empty containers to and from storage, and removal of your materials from your booth for reloading onto your outbound carrier. This is not to be confused with the cost to transport your exhibit material to and from the events.

Benefits of Advance Shipping to the IG Warehouse

- * Storage of materials for up to 30 days prior to your show.
- * Delivery of Shipments to your booth by 8:00 a.m. on your first day of move-in (schedule permitting).
- * Some convention centers and hotels do not have facilities for receiving or storing freight.
- * Saves valuable set-up time.

How to ship in Advance to the IG Warehouse

- * Remove all old shipping and empty storage labels.
- * Fill out and attach enclosed Advance Shipping labels.
- * Complete the enclosed Material Handling Order Form.
- * Remember to confirm receipt of your shipment prior to leaving for the show.
- * All shipments must have a bill of lading or delivery slip showing the number of pieces, weight, and type of merchandise.
- * Certified weight tickets must accompany all shipments.
- * Take the time to ensure that your display and products are packed neatly and securely.
- * Do not ship uncrated materials to warehouse.

How to Ship to Exhibit Site

- * Consign all shipments c/o IG Exposition Services
- * Remove all old shipping and empty storage labels.
- * Fill out and attach enclosed Direct Shipping labels.
- * Complete the enclosed Material Handling Information Sheet.
- * All shipments must have a bill of lading or delivery slip showing the number of pieces, weight, and type of merchandise
- * Certified weight tickets must accompany all shipments.
- * Take the time to ensure that your display and products are packed neatly and securely.
- * If you are shipping your carpet and/or lighting trusses, make sure it is loaded last so it can be unloaded first.

Freight Carriers

Select a carrier with experience in handling exhibition materials. Make sure to give your carrier explicit information as to where and when to check in. Delivery and pick up times are often out of range of "normal" delivery hours, make sure your carrier is committed to meeting your target dates and times. While making shipping plans to the Show, also plan for the return shipment.

Tracking Shipments

Confirm your delivery date and time with your carrier, and have all pertinent shipping information in the hands of your representative at show site. You may also want to review the return of your goods at the end of the show.

Estimating Material Handling Charges

Handling charges are based on the weight of the freight. Shipments are billed by the hundred weight and rounded up to the nearest hundred. Minimum per shipment may apply, see enclosed Material Handling Order form for details. Please prepay all shipping charges-IG cannot accept or be responsible for collect shipments. Crated and uncrated shipments must be separated and clearly identified on separate bills of lading with separate weight tickets - otherwise IG will invoice the entire load at the Uncrated rate.

- * **Crated** - Material that is skidded, or is in any type of shipping container that can be unloaded at the dock with no additional handling required.
- * **Uncrated** - Material that is shipped loose or pad-wrapped, and/or unskidded machinery without proper lifting bars or hooks.

- * **Special Handling** - Defined as shipments that are loaded by cubic space and/or packed in such a manner as to require special handling, such as ground loading, side door loading, constricted space loading and designated piece loading or stacked shipments. Also included are mixed shipments and shipments without proper delivery receipts, and carpet rolls.
- * **Overtime Surcharges** - Shows that move-in or move-out on weekends or late in the day may be subject to overtime surcharges. See enclosed Material handling Order Form for details.
- * **Late Surcharges** - A surcharge will apply if advance freight is received after the published deadline date for shipments to arrive at the warehouse. See enclosed Material Handling Order Form for details.

Storing Empty Containers

Properly labeled empty cartons will be picked up, stored, and returned after the show. Labels are available at the IG **Service center** or from your IG Service Executive and are for empty storage only. Depending on the size of the show, it can take from two to twelve hours to return empty crates. Do not store any items in crates marked empty. plan for the return shipment.

Outgoing Shipments

An OMHF (Outbound Material handling Form / Bill of Lading) must accompany all outgoing shipments. Shipping information, outbound forms and labels will be available at the IG **Service center**. Exhibitors selecting non-official carriers will need to make their own arrangements for pickup. Make sure that someone from your company will be on-site to oversee the outbound shipment of your display and product.

Machinery Labor and Equipment

Labor and equipment for uncrating, unskidding, positioning, leveling, dismantling, recrating, and reskidding machinery and/or equipment must be ordered separately. Place your order for this labor using the In-Booth Forklift & Labor Order form. If your material requires specialized rigging equipment, please notify us promptly so that we can make arrangements. When possible, supply your own rigging equipment with shipments and pre-rig your material.

Insurance

All of your goods should be insured by your own insurance policy. Although we do our best to handle your goods as our own, there are many variables in shipping and handling that can affect your exhibit and products. IG has published IG Terms & Conditions of Contract that are in your exhibitor service manual. Please read them carefully. It is recommended that your goods be insured.

IG Limits of Liability & Excess Declared Value

- * **Liability** - IG is liable for loss or damage to your goods only if loss or damage was caused by IG negligence.
- * **Measure of Damage** - if IG was negligent and the negligence caused either loss or damage to your goods, then the measure of that damage will be determined by the following:
 - a. Measure of damages in all situations (including b. & c. below) will be limited by the **Depreciated Value** of the goods or repair costs, whichever is less.
 - b. The lesser of **\$0.50** per pound per package, **\$100** per package, or **\$1500** per occurrence.
 - c. Damages will be limited to a declared value, if you fill in a **Declared Value Amount**, check the box requesting **Excess Declared Value**, and pay the appropriate charges for **Excess Declared Value** (Maximum allowed declared value \$100,000)
- * **Cost** - Excess declared value available from IG for \$1.00 per \$100 of excess valuation. (\$50.00 minimum charges per request)
- * **Not Insurance** - Excess declared value is not insurance. IG does not offer or sell insurance. IG is not liable and will not owe for loss or damages to your goods if the damage or loss was not caused by IG negligence.

GRAPHIC GUIDELINES

Pre-Order Discount Deadline: Wednesday, January 17, 2022

CUSTOMER GUIDELINES FOR SUBMITTING GRAPHICS ARTWORK

Our desire is to provide you with the best possible quality graphics for your event or exhibit. You can help us in that effort by providing digital art files using the following guidelines. If you are sending us completed, print-ready files, please pass the following information on to your graphics designer. Two overall considerations for submitting acceptable artwork involves proper resolution or size of the file to avoid poor quality images, and proper color matching information and proofs to ensure accurate color reproduction.

PLEASE PROVIDE THE FOLLOWING WHEN SUBMITTING ARTWORK

Minimum requirements for original artwork, such as logos, when IG is providing design and layout:

- * 300 dpi resolution at a size of 8 x 10 inches (higher resolution files will result in improved final product)

Minimum requirements for final artwork that IG will reproduce exactly as provided:

- * 100 dpi resolution at full size of actual finished product

Minimum requirements for both:

- * All related PMS and/or CMYK color codes
- * Accurate color proof print of artwork
- * Contact name, phone number and e-mail address of art creator if applicable
- * If submitting a "vector" file, include all fonts, or convert fonts to outlines or paths

ACCEPTABLE FILE SOFTWARE FORMATS

We are capable of working with PC and MAC based software, and can accept art created with the following software programs (listed in order of preference):

- * ADOBE - Illustrator, InDesign, and Photoshop
- * COREL DRAW
- * MACROMEDIA freehand
- * QUARK XPRESS

Files should always be saved in their native format

ACCEPTABLE FILE TYPES

Files that IG can use in order of preference, include:

- * EPS and AI (especially when submitting logos)
- * TIF (especially when submitting photos)
- * JPG (provided resolution is high enough for photo images; not recommended for logos)

File types that IG cannot use to reproduce high quality graphics include:

- * GIF Files
- * Microsoft Office software files such as Word (.doc), or PowerPoint (.ppt) file types
- * Self-extracting files, such as EXE or SEA files

WAYS TO SEND ARTWORK

* Artwork files that are of acceptable resolution as listed above will typically be too large to send via email. Files may be saved and sent via overnight delivery.

* Large files may also be posted to IG' FTP site for downloading - you may get the password and other needed information from your IG service representative in order to post files. However, a hard paper proof print must also be sent via overnight delivery in addition to posting the electronic files.
